

Standard Banners

Having a special event ? The range sizes, colours and designs of banners from Elementary is endless.

Made from heavy duty nylon re-enforced pvc, Elementary Banners are perfect to promote your event. Printed using U.V. stable, non solvent based inks on the latest generation of hi resolution printers, to produce stunning results.

These Banners work equally well both inside and outside.

Why not add your logo or crest, add an image or photo, or include a panel to have dates added in changeable cut vinyl so your banner can be use time after time.

We can add re-inforced stitched seams or pole pockets or extra eyelets or hanging wires and we also have a range of banner stands and poles for mounting.
