

Standard Traditional Signs in GRP

Looking for a traditional style of sign ? Then GRP signs from Elementary Signs are the answer. They have the appearance of a wooden or traditional style of sign but without the need for continual repainting and maintenance. The moulded edging provides a frame around the panel to form that traditional design of sign.

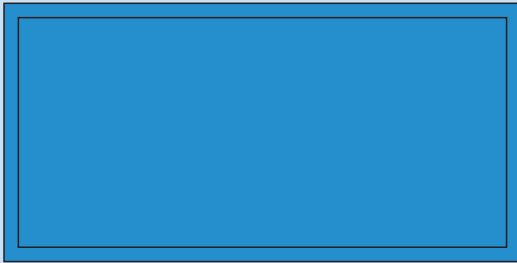

Our Traditional Signs are available in a range of styles, sizes and colours and with your logo or crest and text to the face, these signs are designed to look good and to last for years to come. They are available wall mountable, to fit onto new or existing posts or railings or can be supplied with new extruded aluminium posts.

We can fit anti vandal film to help protect your new signs and keep them looking good for years to come.
